Because of the privilege and authority God has given me, I give each of you this warning: <b>Don't think you are better than you really are.</b> Be honest in your evaluation of yourselves, <b>measuring yourselves by the faith God has given us.</b> Just as our bodies have many parts <b>and each part has a special function,</b> so it is with Christ's body. <b>We are many parts of one body, and we all belong to each other.</b>
